• 3.2 Mixtures • Description: Mixture	e of substances listed below with nonhazardous additions.	
· Dangerous compor	nents:	
CAS: 61789-40-0 EINECS: 263-058-8	Cocoamidopropyl Betaine X IR36	1-5%
	🚺 Eye Irrit. 2, H319	
CAS: 68140-00-1 EINECS: 268-770-2	Amides,coco, N-(hydroxyethyl) Xi R36/38	1-5%
	🚯 Skin Irrit. 2, H315; Eye Irrit. 2, H319	
CAS: 68585-34-2 NLP: 500-223-8	Dodecyl alcohol ethoxylate (1) Sulfate Sodium Salt Xi R36/38; 🜄 N R51	1-5%
	1 Skin Irrit. 2, H315; Eye Irrit. 2, H319	

4 First aid measures

- · 4.1 Description of first aid measures
- General information: Immediately remove any clothing soiled by the product.
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact:

Immediately rinse with water.

- If skin irritation continues, consult a doctor.
- After eye contact: Protect unharmed eye. Remove contact lenses if worn.

Rinse opened eye for several minutes under running water. Then consult a doctor.

After swallowing: Rinse out mouth and then drink plenty of water. Do not induce vomiting; call for medical help immediately.
4.2 Most important symptoms and effects, both acute and delayed Irritant to skin and mucous membranes.

Gastric or intestinal disorders when ingested.

- Nausea in case of ingestion.
- Hazards Danger of severe eye injury.
- \cdot 4.3 Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Firefighting measures

- · 5.1 Extinguishing media
- Suitable extinguishing agents: Use fire extinguishing methods suitable to surrounding conditions.
- · For safety reasons unsuitable extinguishing agents: None.

(Contd. on page 4)

Printing date 13.06.2014

Revision: 13.06.2014

(Contd. of page 3)

Trade name: Hand Spa

5.2 Special hazards arising from the substance or mixture In case of fire, the following can be released: Carbon monoxide (CO) Nitrogen oxides (NOx)
5.3 Advice for firefighters
Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

• Additional information No further relevant information available.

6 Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures
 For large spills, use respiratory protective device against the effects of fumes/dust/aerosol.
 Wear protective equipment. Keep unprotected persons away.
 Ensure adequate ventilation

· 6.2 Environmental precautions: No special measures required.

 6.3 Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Pick up mechanically. Clean the affected area carefully; suitable cleaners are: Warm water

Ensure adequate ventilation.

6.4 Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

7 Handling and storage

- · 7.1 Precautions for safe handling Use only in well ventilated areas.
- · Information about fire and explosion protection: No special measures required.
- \cdot 7.2 Conditions for safe storage, including any incompatibilities
- · Storage:

 Requirements to be met by storerooms and receptacles: Avoid storage near extreme heat, ignition sources or open flame.
 Information about storage in one common storage facility:

Store away from foodstuffs.

Store away from oxidizing agents.

Do not store together with alkalis (caustic solutions).

• Further information about storage conditions: Store in cool, dry conditions in well sealed receptacles.

· 7.3 Specific end use(s) No further relevant information available.

(Contd. on page 5)

(Contd. of page 4)

8 Exposure controls/personal protection

• Additional information about design of technical facilities: No further data; see item 7.

- · 8.1 Control parameters
- · Ingredients with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

- DNELs No further relevant information available.
- **PNECs** No further relevant information available.
- · Additional information: The lists valid during the making were used as basis.
- · 8.2 Exposure controls
- · Personal protective equipment:
- · General protective and hygienic measures:

The usual precautionary measures are to be adhered to when handling chemicals.

Keep away from foodstuffs, beverages and feed.

Immediately remove all soiled and contaminated clothing.

Wash hands before breaks and at the end of work.

Avoid contact with the eyes and skin.

· Respiratory protection:

Not required under normal conditions of use.

For spills, respiratory protection may be advisable.

· Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

• Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

· Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

• For the permanent contact gloves made of the following materials are suitable:

Neoprene gloves Butyl rubber, BR

· Eye protection:

Contact lenses should not be worn.

Safety glasses

· Body protection: Protective work clothing

· Limitation and supervision of exposure into the environment

No further relevant information available.

• **Risk management measures** See Section 7 for additional information. No further relevant information available.

9 Physical and chemical properties		
 9.1 Information on basic physical and General Information Appearance: Form: Colour: Odour: Odour threshold: 	I chemical properties Viscous Liquid Creamy Pink Linen Not determined.	
· pH-value:	7-7.5	
 Change in condition Melting point/Melting range: Boiling point/Boiling range: 	Not Determined. 212 °F / 100 °C	
· Flash point:	Not applicable.	
· Flammability (solid, gaseous):	Not applicable.	
· Auto/Self-ignition temperature:	Not determined.	
· Decomposition temperature:	Not determined.	
· Self-igniting:	Product is not self-igniting.	
 Danger of explosion: 	Product does not present an explosion hazard.	
 Explosion limits: Lower: Upper: 	Not determined. Not determined.	
· Vapour pressure:	Not determined.	
 Density: Relative density Vapour density Evaporation rate 	1,01 g/cm ³ Not determined. Not determined. Not determined.	
 Solubility in / Miscibility with water: 	Fully miscible.	
· Partition coefficient (n-octanol/water)	: Not determined.	
 Viscosity: Dynamic: Kinematic: 	Not determined. Not determined.	(Contd. on page 7)

GHS

Printing date 13.06.2014

Revision: 13.06.2014

Trade name: Hand Spa

· 9.2 Other information

No further relevant information available.

(Contd. of page 6)

10 Stability and reactivity

- · 10.1 Reactivity
- · 10.2 Chemical stability
- Thermal decomposition / conditions to be avoided:
- No decomposition if used and stored according to specifications.
- 10.3 Possibility of hazardous reactions Reacts with strong acids and oxidizing agents. Toxic fumes may be released if heated above the decomposition point.
 10.4 Conditions to avoid
- Store away from oxidizing agents.
- Keep away from heat and direct sunlight.
- 10.5 Incompatible materials: No further relevant information available.
- to:6 Hazardous decomposition products: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Sulphur oxides (SOx)

11 Toxicological information

- · 11.1 Information on toxicological effects
- · Acute toxicity:
- · Primary irritant effect:
- on the skin: Irritant to skin and mucous membranes.
- on the eye: Strong irritant with the danger of severe eye injury.
- · Sensitization: No sensitizing effects known.
- · Additional toxicological information:

The product shows the following dangers according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version: Irritant

12 Ecological information

- · 12.1 Toxicity
- · Aquatic toxicity: No further relevant information available.
- 12.2 Persistence and degradability No further relevant information available.
- · 12.3 Bioaccumulative potential No further relevant information available.
- 12.4 Mobility in soil No further relevant information available.
- · Additional ecological information:
- · General notes:

This statement was deduced from the properties of the single components.

(Contd. on page 8)

GHS

Printing date 13.06.2014

Revision: 13.06.2014

Trade name: Hand Spa

(Contd. of page 7) Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

Due to available data on eliminability/decomposition and bioaccumulation potential a prolonged damage of the environment is unlikely.

· 12.5 Results of PBT and vPvB assessment

· PBT: Not applicable.

· vPvB: Not applicable.

• 12.6 Other adverse effects No further relevant information available.

13 Disposal considerations

· 13.1 Waste treatment methods

· Recommendation

Small amounts may be diluted with plenty of water and washed away. Dispose of bigger amounts in accordance with Local Authority requirements.

Can be disposed of with household garbage with prior chemical-physical or biological treatment following consultation with the waste disposal facility operator and the pertinent authorities and adhering to the necessary technical regulations.

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes. Residual materials should be treated as hazardous.

· Uncleaned packaging:

• Recommendation: Disposal must be made according to official regulations.

• Recommended cleansing agents: Water only.

14 Transport information

 14.1 UN-Number DOT, ADR, ADN, IMDG, IATA 14.2 UN proper shipping name DOT, ADR, ADN, IMDG, IATA 14.3 Transport hazard class(es) 	Not Regulated Not Regulated
